Descriere produs:

Echipament masurare izolatie #3394391

power supply 8x1.5V batteries

high power insulation measures

wide scale for easy readings

measurements with capacitors discharge activated

with a push-button control

fuse protection

battery performance control

Insulation measurements: with 250V c.c./50Mohm

with 500V c.c./ 100Mohm

with 1000 c.c./ 200Mohm

continuity measurements with Ohmmeter that allows

to detect low resistance values (2 Ohms)

once the probes are connected to the test circuit,

any voltage detected is shown immediately

complete with case

Compatibil cu:

GEV LF3394391
